

Instructors

For common questions and issues, we recommend starting with [Faculty Resources and Training](#).

Navigation

Click on the topic beneath "Instructors" on the left side tool bar for more information on the topic.

Training Videos

For Global (Online) Instructors:

[Canvas Functionality Training](#)

These videos cover the basic features of the Canvas LMS.

[Canvas Global Teaching Training](#)

These videos will give the how-to for setting up your course in Canvas, as well as information on grading and moderating your course. Our global classes are copied from pre-built masters, so you just need to do a few things to personalize them and get them ready for students.

For Residential (On-Ground) Instructors:

[Canvas Functionality Training](#)

These videos cover the basic features of the Canvas LMS.

[Canvas Building Residential Courses Training](#)

These videos walk you through the process of building your own course in Canvas using the template provided to you.

[Canvas Residential Teaching Training](#)

These videos walk you through setting up your course, grading, and moderating your course as you teach it.

Turnitin Support

Turnitin is the plagiarism checking service we use and that is embedded into Canvas.
