- [DLP Restrictions on Sharing Files with Sensitive Data in OneDrive and Sharepoint](#)
- Use of LETU OneDrive for Business is governed by [Guidelines and Limitations for OneDrive for Business Use](#)
- OneDrive backups are limited to the last 30 days for undeleted files, and sooner for deleted files. Please see [Restoring Files in OneDrive for Business](#) for important information on restore options for changed or deleted OneDrive content.
- OneDrive currently offers 1TB of storage space to LETU students, faculty and staff. Use of this space may require up to an equal amount of space on your local drive depending on how you [setup your sync options](#).
- Microsoft has documented the following restrictions/limitations on File Names and File Types in the OneDrive for Business Client: <https://support.microsoft.com/en-us/kb/3125202>
